

Richard Allan Vila

Front-End Engineer

PROFILE

I am a developer, blogger, mentor, father of two, partner to the love of my life Kim, and dev coach throughout Twitter and the Accountability Buddies Twitter community. I have a passion for coding, as our imagination is the only thing that can limit what we build.

WORK EXPERIENCE

Full-Stack Software Engineer

2021 - Current | Naval Systems Inc.

21513 Great Mills Rd, Lexington Park, MD 20653

I'm the front-end engineer and design expert for the team. I'm tasked with beautifying our existing projects, making them have a more sophisticated modern look and feel based on current design principles. I also add and improve existing back-end functionality depending on the requirements and design changes.

What I Do:

- Communicate and collaborate with a multi-disciplinary diverse group of engineers, product managers, clients, and stakeholders daily.
- Create modern, sophisticated UI/UX design mockups for proposals based on modern design principles and translate designs and wireframes into high-quality code.
- Build reusable components for maximum performance across a vast array of web-capable devices and browsers.
- Write modern, performant, and robust code for a diverse array of client and internal projects based on technology trends and best practices.
- Work with various languages, frameworks, and content management systems such as Javascript, Next.js, Node.js, Express, .NET Core, etc.

My Strengths:

- Strong eye for design and pixel perfect replication.
- Develop custom SVGs, designs, and graphics with Figma.
- Strong proficiency in JavaScript, including DOM manipulation and the JavaScript object model.
- Strong proficiency in JavaScript, including DOM manipulation and the JavaScript object model.
- Familiarity with RESTful APIs.
- Thorough understanding of React.js and its core principles.
- Familiarity with modern front-end build pipelines and tools.
- Ability to understand business requirements and translate them into technical requirements.
- A knack for benchmarking and optimization.
